# LIVING FAITH

## FAITH IN ACTION

Atheists, Agnostics, Muslims, Christians, Buddhists, Hindus and Sikhs all have one thing in common: faith! But is our faith and our belief system based on reality? Is it just a wishful insurance policy that has little impact on day-to-day life? Come to these lunchtime talks and learn from a whole series of heroes - and rogues - who had living faith that God commended.

Whatever our 'faith position' now; and whatever doubts and questions we come with, we'll see that we don't need to take a 'blind leap' or just 'wish we had their faith'. Instead we'll see that we too can have true, active faith - which pleases God, changes our lives and will be proved right in the end.
